- Regularly lifted and unboxed merchandise crates weighing over 50 lbs. to maintain continuous stock availability

Sakana Sushi Somersett / Sakana Express — Kitchen Helper Reno, NV | 06/2020 – 08/2021

- Coordinated orders with servers and sushi chefs to support efficient kitchen operations
- Prepared ingredients and appetizers, including washing, chopping, and food preparation tasks
- Restocked kitchen supplies and maintained workplace organization

PROJECTS

Unity Projects

- **2D Platformer Game** – Blade of the Beyond: Developed player mechanics, traps, main and pause menus, UI, game over, and game visuals
- **2D Top-Down Game** – Cycle of the Dead: Implemented state machines for main menu and game states; developed enemies, some buildings, UI, game over, tilemaps, key bindings, and game visuals

Web Development Project

- **E-Commerce Demo Website** – Developed a responsive front-end e-commerce prototype featuring product listings, shopping cart UI, admin portal mockups, and traffic tracking functionality using HTML, CSS, and JavaScript. Designed responsive layouts and interactive user interfaces for both customer and admin pages

Big Data Project

- **YouTube Data Analyzer** – Developed a data analysis application using Apache Spark, PySpark, Python, and Visual Studio Code to process and analyze a large-scale YouTube dataset, implementing top-k queries to identify categories with the highest video upload volume, as well as the highest-rated and most popular videos
